Use of the Internet is a privilege, not a right, and inappropriate use will result in cancellation of those privileges. The appropriate supervisor(s) or the designee may deny, revoke, or suspend user privileges to any user determined to be using the system in an inappropriate manner. Their decision will be final.

I understand that:

- The only purpose for club computers and other Information Technology resources is to support education and skill training.
- The club will do its best to keep me safe while using global information systems such as the computer and the Internet.
- I know that I am **not permitted** to access material through the Internet which is offensive (e.g. pornographic), violent/dangerous, inappropriate, or illegal. *(Please ask your supervisor if you need any of these terms explained to you.)*
- I am forbidden to pass on such material by copying, storing or printing it.
- I am not allowed to access chat rooms, email or instant messaging.
- I may use the Internet only if there is a supervisor present.

I understand how important it is to:

1 Take care of Information Technology resources, such as computers and the Internet.

Be careful with equipment and furniture.

Respect the copyrights on software that prohibit copying.

Use only club provided software on club computers.

2 Be considerate of other users.

Share available equipment.

Be careful not to waste computer resources, e.g. paper, ink.

Avoid disruption of the running of any computer or network.

Take care not to scan or display graphics, record or play sounds, or type messages which could offend others.

Remove immediately from the screen any offensive, inappropriate or illegal, which I accidentally come across, and tell the supervisor right away.

3 Be responsible for privacy and security.

I will not give anyone on the Internet information about myself or anyone else—this includes address, phone number, photograph or credit card information.
